**Care Together:**

Connection, Collaboration and Growth

## Invitation from CEO

This year, Carers WA proudly celebrates 30 years of supporting carers across Western Australia.

From small beginnings in 1996, as a non-profit, community based organisation, Carers WA has grown significantly, remaining steadfast in our commitment to improving the lives of carers for three decades.

As we reflect on this milestone, I am delighted to invite your organisation to become a valued sponsor of our flagship biennial event, Carers WA Conference 2026.

As an important lead into National Carers Week 2026, Sunday 11 – Saturday 17 October, our Conference will help recognise, celebrate, inform and raise awareness for the 2.65 million Australians, including the estimated 320,000 in WA, who provide unpaid care and support to a family member or friend with disability, mental health challenges, chronic condition, terminal illness, an alcohol or other drug issue, or who is frail aged.

Carers WA Conference 2026 is curated to best address the interests of carers across WA.

Host venue, Optus Stadium, has again been chosen for its world-class Conference facilities, breathtaking views, inclusive design, free parking for attendees and more.

To ensure maximum accessibility for carers, registration to attend is free of charge, offering carers the choice to attend either in-person (subject to capacity limits) or via an online platform.

Our 2026 theme, “Navigating Care Together: Connection, Collaboration and Growth”, reflects the importance of working collectively to address both current and emerging issues faced by carers. Our dynamic program promises learnings, thought-provoking discussions, shared insights and meaningful contributions from sector professionals and carers with lived experience. Delegates will have ample opportunities to connect, collaborate and contribute with other carers, sponsors and program participants.

Carers WA invites organisations to partner with us, who share our values of compassion, diversity, inclusion, innovation and positive impact. Join us in contributing to the recognition and well-being of carers in WA.

Thank you for your consideration to support Carers WA Conference 2026.

### ■ RICHARD NEWMAN

Chief Executive Officer - Carers WA

## About Carers WA

Carers WA is a non profit, community based organisation and registered charity dedicated to improving the lives of carers living in WA. Part of the National Network of Carers Associations, we are the peak body recognised by both State and Federal governments as the voice of carers.

Carers WA aims to enhance and support the empowerment and wellbeing of carers through our offering of free innovative programs and services, providing practical and emotional support. Carers WA is also the lead provider of Carer Gateway services in WA.

Our role is to work in active partnerships with carers, people with care and support needs, health professionals, service providers, government and the wider community. Carers WA also advocates for improved services and supports for carers by addressing carer issues at a state and federal level to influence government and other decision makers.

## Who are carers?

A carer is someone who provides unpaid care and support to family members and friends who have disability, mental health challenges, chronic condition, terminal illness, an alcohol or other drug issue, or who are frail aged.

Carers range in age from as young as eight to people well into their nineties. They are the foundation of our aged, disability, palliative and community care systems.

Carers make an enormous contribution to our community, state and national economy.
